Responsible Care is the chemical industry's commitment to continual improvement in health, safety, security and environmental performance.

Compliance with the Responsible Care (RC) programme is mandatory for all CBA Distributor and Logistics Services members.

One of the first steps on joining the CBA is that the company appoints an RC Co-ordinator who should then attend an Introductory Workshop.

This introductory seminar will help the RC Coordinators of companies new to Responsible Care understand the key elements of the CBA RC programme.

It is also suitable for newly appointed RC Co-ordinators in existing member companies, as well as for those who would like a general introduction to the CBA RC programme.

The seminar provides an introduction to the CBA Responsible Care Programme including:

- ✓ **The Eight Guiding Principles of Responsible Care**
- ✓ **The Cycle of Responsible Care**
- ✓ **Self-Assessment Questionnaires**
- ✓ **3-Year Improvement Plan**
- ✓ **Indices of Performance**
- ✓ **Security**
- ✓ **Code of Conduct**
- ✓ **The Responsible Care Logo**
- ✓ **Validation & the Future**
- ✓ **The Responsible Care Awards**
