COMAH – THE BASICS

MAJOR HAZARD SECTOR WORKSHOP

Why attend?

Is your site within the scope of COMAH (Control of Major Accident Hazards Regulations)? Have you assessed its potential to cause a major accident? Are you managing the site inventory to remain ‘out of scope’ of the regulations?

This CBA workshop will provide a step-by-step guide to the COMAH regime. It will start at a basic level to increase awareness of the regimes provisions and build further using examples to illustrate the obligations. It will further identify the aspects of the impending revision of the COMAH regime to implement the outcomes of the European Union review of the major hazards directive (Seveso III) and the impact on sites both in scope and below the scope of COMAH (so called “Sub-COMAH sites”)

Who should attend?

The workshop is suitable for all levels of personnel requiring a practical knowledge of COMAH – including regulatory compliance specialists.

It will be useful to those specifically operating sites within this regime or those who are determining whether they want to enter for the first time.

The workshop provides a basic insight into aspects of the Control of Major Accident Hazards regulations in the UK including:

- Legislative origins
- UK implementation of EU directive
- Planning consent provisions
- Current regime landscape
- Future development of the regime
- Implementation aspects of Seveso III
- Potential impacts
