

**UK REACH DUIN
Online Clinic
Monday 18th October 2021
2:00pm – 3:30pm
Free of Charge for All Members**

If you import products from outside Great Britain that are registered under the EU REACH regime you or your supplier(s) have either submitted or are planning to submit a Downstream User Import Notification (DUIN) to the HSE. The DUIN will allow you to continue to import the substance(s) you currently sell until the tonnage-based registration deadline applicable to the specific substance is reached. However, the DUIN process is only the start of the journey and awareness of your future requirements is vital.

This short, free of charge clinic is designed to explain the DUIN process and then the next steps so you can plan your journey accordingly.

This is the latest in our ongoing series of “Online Clinics” and “Best Practice Workshops”, part of our new initiative to increase the value of membership. Watch out for other such events going forward

Overview

The UK left the European Union as of 31st December 2020 and with it the entry into force of the UK REACH regulations. The notification phase of the regulations opened on the 1st January 2021 with a series of deadline dates depending on the type of registration organisations held.

The Grandfathering notification process was completed at the end of April 2021 whilst the Downstream User Import Notification (DUIN) process is due to close on 27th October 2021. The next step will potentially be data sharing, within the substance group and then ultimately registration. However, access to the substance group can only be gained via the “Comply with UK REACH” IT portal on gov.uk so understanding what to do and when to do it will be vital to prevent non-compliance in the future.

BOOKING FORM

<p>UK REACH DUIN Online Clinic Monday 18th October 2021 2:00pm - 3:30pm Free of Charge for all Members</p>	
Company Name	
Delegate Details	
Name (First & Last Name)	Email Address
Please submit any pre-event questions for the presenters here	
Please tick here if you wish to opt out of receiving details of future events and presentations organised by the Chemical Business Association
