Responsible Care is the chemical industry's commitment to continual improvement in health, safety and environmental performance.

Compliance with the Responsible Care (RC) programme is essential for all CBA Distributor and Logistics Services members, and an important aspect of the RC programme is completion of the annual Self-Assessment Questionnaire (SAQ) and the 3-Year Improvement Plan (3YIP).

The seminar will discuss the completion of these forms, and attendees will be able to raise their individual issues

This half-day seminar will help the RC Coordinators of member companies understand the key elements of the annual SAQ/3YIP forms.

It is suitable for all RC Co-ordinators, whether newly appointed, or for those who would benefit from a refresher on how to complete the annual SAQ/3YIP form

This refresher will explain:

- ✓ **Why the SAQ and 3YIP forms are completed each year**
- ✓ **The Eight Guiding Principles**
- ✓ **The new online system**
- ✓ **The Mature SAQ**
- ✓ **The guidance documents**
- ✓ **Third-party verification**
