

# YOUNG PERSON AWARD

We are passionate about encouraging and inspiring young people within the chemical supply chain and are looking for the young superstars of tomorrow that have already significantly contributed to and enhanced your business in any area. We are looking to recognise excellence within our industry and celebrating our extraordinary young people, the industry's future leaders, is a great start

The award is open to any person under 30 years of age on the 31st December 2022, who is employed by a member of the Chemical Business Association and is nominated by their Line Manager or Director. Anyone leaving their employer between the application and the presentation event, should inform the Chemical Business Association, as this would disqualify them from the award

The young person should be able to demonstrate how their ability and individual performance has contributed to a strategic enhancement in any area of the business, describing the part they have played in achieving the stated aims or improvements

The winner of this award will be invited to join CBA's Future Council

## How to Enter

The candidate should write an entry statement (of no more than 750 words) explaining:

- their role in the company
- their employment history, experience, etc
- why they should win the award

Their entry statement should be supported by their Line Manager or a Director of the company, explaining (in no more than 500 words) why they have been nominated and their achievements within the company

In addition to your 750 word submission and the nominated person's entry statement, we encourage you to include any supporting material, pictures, and testimonials that you believe will help the judges. Please also include a 150 word
